ANIMESH THAKUR

MERN Stack Web Developer

📞 +91 9111733077 @ animeshthakur7648@gmail.com 🔗 **GITHUB LINKEDIN** 📍 Indore, INDIA

SUMMARY

I'm a passionate MERN stack web developer who enjoys transforming ideas into interactive and user-friendly applications. With proficiency in HTML, CSS, JavaScript, React, Node.js, Express, and MongoDB, I strive to create efficient solutions focusing on both frontend and backend development. My eagerness to learn new technologies drives me to enhance user experience and optimize performance

EXPERIENCE

Web Development Intern

Sky Technosoft pvt.ltd

📅 05/2025 - 07/2025 📍 Indore

A web development company specializing in web solutions

- Managed client requirements and implemented web projects using React & Node.js, ensuring structured documentation and progress tracking
- Streamlined workflows and coordinated with teams to resolve issues, reconcile updates, and deliver accurate reports
- Strengthened skills in communication and organization while gaining exposure to modern web technologies

Web Development Intern

E-Skills Web LLP

📅 08/2024 - 02/2025 📍 Indore

A web development training and consulting firm

- Completed 6-month internship at E-Skills, Indore: 4 months intensive MERN stack training + 2 months project implementation
- Gained hands-on experience in building full-stack applications with REST APIs, authentication, and database management
- Worked on real-world projects involving responsive UI design and end-to-end integration

EDUCATION

Bachelor of Technology in Computer Science Engineering

Medicaps University

📅 08/2022 - 05/2026 📍 Indore

SKILLS

HTML	CSS	JavaScript	React	Redux	Tailwind

Express.js	Node.js	MongoDB	Git	GitHub

KEY ACHIEVEMENTS

💙 **Runner-up, Quasar 2.0 National Hackathon**
Runner-up in Quasar 2.0 National Hackathon, securing a top position among 200+ participating teams

🚩 **Finalist, Odoo Hackathon 2025**
Finalist in the Odoo Hackathon 2025, placing in the top 10 out of over 19,000 teams globally

PROJECTS

Personal Portfolio Website

🔗 https://animeshthakur.netlify.app/

A personal portfolio website to showcase projects and skills

- Developed a responsive and interactive portfolio using React.js, Tailwind CSS, Inspira component library, and Spline for 3D elements

Expenso – Money Tracker App

🔗 https://expenso-80pe.onrender.com/

A comprehensive web application for tracking personal finances

- Developed Expenso, a full-stack MERN web app for personal finance management with income/expense tracking
- Implemented real-time cash flow visualization and Word export for offline reports
- Advanced features include AI-generated reports, personalized saving plans, and FinChat for financial advice

DevPractice – Online Code Playground

🔗 https://dev-practice-v1.onrender.com/

An online code playground for web development practices

- Created DevPractice, a full-stack MERN web app allowing users to write, preview, and experiment with HTML, CSS, and JavaScript in real time
- Provided a modern, VS Code-like editing experience using React.js, Tailwind CSS, and Monaco Editor
- Utilized Node.js, Express.js, and MongoDB for backend management and Firebase Authentication for secure logins
